Portfolium

Why create a Portfolium? Portfolium is a great online resource to display your experiences and bring your resume to life. Showcase your work in an interactive online platform that allows employers and graduate schools to view your academic and professional achievements and projects.

Making the Most Out of Your Portfolium

Supplement Your Resume

Support your resume by giving a visual element to your skills and experiences. Present your Portfolium with your resume to enhance your professional experiences.

Market Your Skills

Include skills, tools, or softwards that you used to create each work. Share your projects and build an online identity.

Connect and Network

Connect with alumnis, classmates, and friends. You can tag your teammates as collaborators in your projects and comment on other people's work.

Career Fairs and Interviews

Your Portfolium is the perfect support during any networking event. Use a tablet, phone, or the printed version of your Portfolium as a visual reference during your pitch.

Internships and Jobs

Check out the jobs/internships pages and submit your resume and Portfolium projects to the companies you're interested in interviewing with.
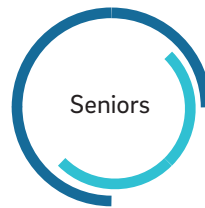

Enhance Your Linkedin

Merge your Portfolium account with your Linkedin account. You can also include your unique Portfolium URL in your resume and cover letter.

Freshmen & Sophomores

Juniors

Seniors

Alumnis

Campus Involvement
Joining clubs, finding inspiration, making connections.

Seeking Internships
Following companies, applying to internships, attending career fairs.

Seeking Careers
